# HASSAYOUN MALEK AZIZ

**Cybersecurity Enthusiast | Red Teaming | Pentesting | OSINT**

hmalekaziz.hassayoun@esprit.tn │ +216 53 117 541 │ Monastir , Tunisia
linkedin.com/in/malek-hassayoun │ github.com/m2l33k

## EDUCATION

- **The High Private School Of Engineering And Technologie**          2023-Present
  Software Engineering
- **Faculty of Sciences, Monastir**          2020 - 2023
  Preparatory studies for engineering

## WORK EXPERIENCE

- **Intern PENTESTING WEB-APPLIACTION ,TALAN-TUNISIE**          June 2024 – sep 2024
  Skilled in improving ZAPROXY efficiency and developing a robust, flexible automation framework for streamlined security testing.
  **Skills used :** SCRIPTING , ZAPPROXY
- **Intern PENTESTING WIFI - BLUETOOTH , ESPRIT**          June 2024 – Aug 2024
  Developed and tested WiFi attack scenarios, proposed security countermeasures, and documented vulnerabilities with recommended solutions
  **Skills used :** Kali Linux , Nmap , Whireshark , Aircrack-ng.

## PROJECTS

- **Platform AI-Driven Cybersecurity Incident Response Automation**
  Designed and implemented a full-stack platform to automate cybersecurity incident response using AI and machine learning models. The platform analyzes security alerts and recommends automated actions to mitigate threats.
- **BASIC NETWORK SNIFFER**
  Built a Python network sniffer to capture and analyze network traffic
- **PHISHING AWARENESS TRAINING**
  Developed a training module to educate on recognizing and avoiding phishing attacks. SECURE CODING REVIEW
- **NETWORK INTRUSION DETECTION SYSTEM**
  Created a network-based intrusion detection system using tools like Snort or Suricata to identify suspicious activity

## CERTIFICATIONS AND AWARDS

- **Participant, NetAcad Summer Camp - Cybersecurity Track**          Jully 2024 – sep 2024
- **Participant, NetAcad Summer Camp -AI and Automation Track**
  Cisco Academy
- **Oracle Cloud Infrastructure 2024 Certified AI Foundations Associate**          July 2024
- **SO/IEC 27001 Information Security AssociateTM**          July 2024
- **SCRUM Fundamentals (CASF)**          sep 2024
- **CSI Linux Investigator , CSI linux**          sep 2024
- **Data Privacy Fundamentals ,Fireside Analytics Inc.**          sep 2024
- **Introduction to Cybersecurity , cisco**          sep 2024
- **Data Visualization Using Python , IBM**          sep 2024

## KEY SKILLS

- Languages: Python, Bash, PowerShel , C , ava, JavaScript, SQL, HTML, CSS, PHP
- Frameworks: React.js, Symfony, Spring Boot
- Tools : Wireshark, Metasploit, Nmap, Burp Suite, ZAP , John the Ripper , GIT
- Operating Systems : Windows, Linux (Kali,  CSI and Ubuntu )
- Project Management & Development: Scrum , Agile

## ASSOCIATIVE LIFE

- IEEE ESPRIT Student Branch
- CODING SPACE ENIM
- Red Crescent Jemmell
- Young Economic Chamber of Jemmel
- AIDI ENIM
- ENACTUS FSM
- Securinets-Tek-up

- Participant in IEEExtreme
    Ranked 290/8547 globally
- Participant in Fighter Robotics Competitions
- Participant in Tunisia Digital Summit Challenge
- Traineer in Fighter Robots
- Traineer in Sponsoring
